

## My Inuit family

My name is  
Aom.

Hi! My name is Aom. I live in an Inuit family. My island is also called the land of midnight sun. It is very cold in my island. In summer the sun never sets. I wear my parkas jacket to keep me warm. When I am free I play with my friends. I build snowman and play snow ball fight with my friends. Me and my father also go for hunting food for the family. When it is getting dark I come back to my domed-shape house called igloo. I eat raw meat as my dinner.
